

Machine Operator

About Deco Products

Deco Products is a full-service zinc die-caster located in Decorah, IA. We have been offering precision zinc die-castings to customers globally since 1960. We utilize custom designed hot-chambered die-casting machines to offer our customers competitive and quality products.

Machine Operator

A Machine Operator is responsible for adjusting the machines to attain production standards for each job. The operator will be responsible for lighting & adjusting fires, making machine adjustments, lifting and moving production parts, and cleaning machines. The Machine Operator will work with all areas of the company, specifically with supervisors, other department personnel, quality control, & engineering.

Job functions include, but are not limited to:

- Coordinate with others to perform the assigned work load within that department
- Using tools and lifting or moving production parts
- Lighting and adjusting fires
- Making machine adjustments
- Cleaning machines and maintaining a safe, clean work environment.
- Other duties as assigned

Minimum Requirements

- High school diploma or general education degree (GED)
- Must be able to walk from machine to machine and/or stand for long periods of time
- Good mechanical ability
- Positive attitude
- Detail oriented
- Highly motivated
